INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Rapha House International, Inc.

I have audited the accompanying combined financial statements of Rapha House International, Inc. (a nonprofit organization) DBA Rapha International and affiliates, which comprise the combined statements of financial position as of December 31, 2019 and 2018, and the related combined statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I did not audit the financial statements of ARM Cambodia Organization, Good Life Foundation, and Good Morning Foundation, affiliates, which statements reflect total assets of \$2,478,952 and \$2,461,142, as of December 31, 2019 and 2018 respectively, and the total support and revenues of \$3,964 and \$42,450 respectively for the years then ended. Those statements were audited by other auditors whose reports have been furnished to me, and my opinion, insofar as it relates to the amounts included for ARM Cambodia, Good Life Foundation, and Good Morning Foundation is based solely on the reports of the other auditors. I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, based on my audit and the report of the other auditors, the combined financial statements referred to above present fairly, in all material respects, the financial position of Rapha House International, Inc. DBA Rapha International and affiliates as of December 31, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1: ORGANIZATION & SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Entity

Rapha House International, Inc. is a non-profit corporation whose main purpose is to end the trafficking and exploitation of children through aftercare for survivors, prevention for the vulnerable, and engagement for you. The entity is active in the USA, Haiti and Southeast Asia (see "Affiliates" note below).

Method of Accounting

The financial statements have been prepared on the accrual basis of accounting. All intercompany revenue and expenses have been eliminated.

Inventory

Inventory consists of items produced by the women and children in their programs and vocational training. These items are recorded at cost. The inventory is in Joplin, Missouri, USA.

Property and Equipment

Property and Equipment are recorded at cost or, if donated, market value at date of donation. Depreciation is provided by the straight-line method over the estimated useful lives (5 to 40 years) of the assets with no salvage value.

Income Taxes

Rapha House International, Inc. is exempt from Federal Income Tax under Section 501 (c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been made. The organization does file an annual informational Form 990 with the Internal Revenue Service.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held in checking and money market accounts. For purposes of cash flows, the entity considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

Rapha House has adopted the standards codified by the Financial Accounting Standards Board (FASB). Under FASB ASU 2016-14, Rapha House is required to report its net assets

Rapha House International, Inc.
Notes to Financial Statements

under two categories: net assets without donor restrictions, and net assets with donor restrictions. These financial statements have been prepared on a going concern basis, which considers the realization of assets and settlement of liabilities in the normal course of business.

Affiliates

Pursuant to FASB ASC 958-810, Rapha House is permitted to present consolidated financial statements with affiliated entities in cases where economic interest and control are present. Accordingly, the financial statements of ARM Cambodia in Cambodia, GMF in Thailand, GLF in Thailand, and Rapha Haiti in Haiti are consolidated herein. The individual financial statements of ARM in Cambodia, GMF in Thailand, and GLF in Thailand have been audited by other auditors, and the audits are available upon request.

Public Support and Revenue

Annual campaign contributions are generally available for use without donor restrictions in the related campaign year unless specifically restricted by the donor.

Grants and other contributions of cash and other assets are reported with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restriction and reported in the statement of activities as net assets released from restrictions. Contributions with donor restrictions that are satisfied within the current year are recorded as contributions without donor restrictions.

Contributions of donated noncash assets are recorded at their fair values in the period received. The value of donated technology services has not been determined nor recorded. The value of contributions of general donated services is considered immaterial and has therefore not been valued and recorded.

NOTE 2: ACCOUNTS RECEIVABLE

The 2018 receivables represent money owed to ARM in Cambodia in the amount of \$2,156 which represents program beneficiaries and staff. These funds have been written off in 2019.

NOTE 3: DONATED SERVICES

The Entity receives a significant amount of donated services from unpaid volunteers who assist in fundraising and special projects. No amounts have been recognized in the statement of activities because the criteria for recognition under generally accepted accounting principles have not been satisfied.

These funds were held as liquid insured deposits, but exceeded the FDIC insurance limit of \$250,000 per depositor until the cash sweep was enacted in January 2020 to ensure FDIC insurance coverage applied to all such funds.
