

RAPHA MARCH 2024

INTERNATIONAL

This February, a group of Rapha's US leadership team visited SE Asia. Their time was spent building relationships with the Cambodian and Thai staff, attending training and planning meetings, and observing Rapha's work in action. It was a great source of encouragement and bonding for everyone. They concluded their time at the **Global Forum for a World Without Orphans with Rapha staff from Cambodia, Thailand, and the United States**, who joined representatives from organizations serving in 60 countries!

As the trip concluded, all the US staff have expressed deep gratitude for their time there. There are so many stories, highlights, and memories for each of them to share.

We are so thankful for opportunities to connect with staff, provide training, and plan for the future for our organization. We could not do this work without your support and impact."

- Stephanie Freed

"In Cambodia, there is a frequently used saying that goes "same same but different" and I think that fits my sister (Angie on the left) and me very well."

Online exploitation and recruitment into trafficking is on the rise all over the world. While in Southeast Asia, Joseph Lang, Rapha's Digital Designer and resident videographer and storyteller, worked with a team of local Cambodian actors to film a short story that will be released soon.

Where Are You? is a short story film based on the experience of millions of young survivors. We look forward to sharing this story with you.
